## Power Chairs

Reference no. PC006

Cruiser 6 - Escape Power chair

The days escape power chair is a mid wheel drive chair with a range of adjustments available. It comes equipped with a padded captain's seat for comfort and flip-up arms for easy transfer. On board are 2x 40Ah AGM dry cell batteries which can give a max speed of 6.4kmh(4mph) and a max range of 32km(20miles), although the range and speed of the scooter may vary depending on the weight of the user, terrain type, outside temperature and battery charge. We advise that you plan your route to avoid adverse terrain, inclines, kerbs and steps if possible; if this is unavoidable we do not advise an incline above 5° and a kerb / step above 4cm(1.5"). If it has been agreed that adjustments are necessary, this will need to be done prior to 1pm on the day of the cruise. Please arrange this with the office.
