Mobility Scooters

Reference no. ST034

Supascoota Sport XL

A truly portable scooter with heaps of leg room. The dual motor drive system gives impressive performance and has a light frame design with seat suspension. While the Sport XL is similar to the HD MK2 (Sprint), it has a slightly longer wheelbase and larger rear wheels.

Due to the design of the frame, this scooter may not be suitable for certain cruise ships

– please ask a member of staff for more details.
