

Power Chairs

Reference no. PC002

Cruiser 2 - Go Power Chair

The Go power chair is an ideal companion for cruising with its tight turning radius and lightweight portable frame. This chair is best suited to less dependent users. On board are 2x 12Ah AGM dry cell batteries which can give a max speed of 6.4kmh(4mph) and a max range of 8.8km(5.5miles), although the range and speed of the chair may vary depending on the weight of the user, terrain type, outside temperature and battery charge. We advise that you plan your route to avoid adverse terrain, inclines, kerbs and steps if possible; if this is unavoidable we do not advise an incline above 5° and a kerb / step above 4cm(1.5"). If it has been agreed that adjustments are necessary, this will need to be done prior to 1pm on the day of the cruise. Please arrange this with the office.

Specifications

Ground Clearance:	4cm / 1.75"
Length:	76cm / 30"
Width:	47cm / 18.5"
Seat Width:	45.75cm / 18"
Turning Radius:	57cm / 22.5"
Weight with batteries:	36kg / 79.5lbs
Maximum user weight:	113kg / 249lbs
