

## Power Chairs

Reference no. PC023

Cruiser 23 - Cirrus Power chair

The Foldable lightweight frame of the Cirrus power chair makes portability and transportation easy and convenient for the adventurous traveller. It's features include; An adjustable height flip back with detachable arms, adjustable length joystick mount, adjustable tension back, a folding battery tray, swing away footrests and solid tyres. The Cirrus also comes equipped with 2x 36Ah AGM dry cell batteries to give a maximum range of 24km (15 miles), and a max speed of 6.4kph (4mph), although the range and speed of the chair may vary depending on the weight of the user, terrain type, outside temperature and battery charge. We advise that you plan your route to avoid adverse terrain and inclines if possible; if this is unavoidable we do not advise an incline above 5°.
