## Mobility Scooters

Reference no. ST016

Stowaway Mobie

The Stowaway Mobie scooter folds to make it one of the most portable scooters available. It is provided with solid tyres and a powerful 10Ah lithium battery to give a maximum range of 15km (9.32miles) and a max speed of 6kph (3.7mph), although the range and speed of the scooter may vary depending on the weight of the user, terrain type, outside temperature and battery charge. We advise that you plan your route to avoid adverse terrain and inclines if possible; if this is unavoidable we do not advise an incline above 5°. Please note if you wish to take this product on an aircraft, it is your responsibility to contact your airline to confirm suitability of this product.
