

Mobility Scooters

Reference no. ST020

Stowaway Colibri

The Stowaway Colibri scooter disassembles into 5 pieces for easy storage with the heaviest piece weighing 15.6kg (35lbs). It is provided with solid tyres and 2x 18ah AGM dry cell batteries to give a maximum range of 16km (10miles) and a max speed of 6kph (3.75mph), although the range and speed of the scooter may vary depending on the weight of the user, terrain type, outside temperature and battery charge. There is a swivel seat and arms that lift making for easy access on and off the scooter. We advise that you plan your route to avoid adverse terrain and inclines if possible; if this is unavoidable we do not advise an incline above 5°.
